Skills

Salesforce Commerce Cloud (SFCC) Development, Magento Development, Shopify Development, PHP, MySQL, HTML, CSS (LESS/SASS/SCSS), Javascript, jQuery, JSON, XML, JIRA

Experience

Merkle / SFCC Developer

OCT 2021 - PRESENT, REMOTE

While working for the U.S. Mint, I worked closely with the client partner to launch, develop, and support omnichannel (desktop, mobile, tablet) eCommerce website improvements on the Salesforce Commerce Cloud platform (SFCC). Communicate with team members, project managers, and technical leads in an agile environment. Assist other developers with tasks and mentor.

Implemented a customer import from the Hybris platform to SFCC for West Marine. The process involved taking XML exports and using PHP to format the data into SFCC standards.

ProProducts Web Development / Senior Web Developer

NOV 2015 - JUL 2021, Smithfield RI

Worked directly with clients such as Safety 1st, Alex and Ani, and Maxi Cosi implementing international and domestic Magento e-commerce websites.

Provided mentorship to junior developers, fostering their growth and contributing to an increase in team productivity.

Precision Design Studios / Senior Web Developer

MAY 2014 - NOV 2015, Providence RI

Developed website improvements and implementations on the Demandware (now SFCC) platform for clients such as Kate Spade & Co. and Pacific Coast Feather.

Collaborated with clients, QA, and project leaders to review and gather requirements and develop through an iterative build process.

ABCLeads / Lead Web Developer

AUG 2002 - MAY 2014, East Greenwich RI

Created a custom lead generation platform with a robust API in PHP.

Education

Rhode Island College / Bachelor of Arts in Graphic Design

2001, Providence RI
